

# Alaska Smart Communities Forum

November 13, 2018

Funding Provided By  
Matanuska Susitna Borough  
Matanuska Telephone Association (MTA)

# Goals

Provide useful, integrated information and services

Reduce duplication in data collection and tools

Enable citizens to create value-added services

Enable citizens to be better informed

Enable employees to be more efficient, responsive

Enable citizens to be more involved in their government

Enable communities to create their own Smart Communities

# Agenda

  - What are we each doing to change operations and deliver services?
  - What are blockers to change?

# Adapting to New Technologies

- What are we doing to change operations and deliver services?
  - Speed of service?
  - Cross-department coordination?
  - Sharing infrastructure?
- What are blockers to change?
  - Organizational interest?
  - Culture of innovation and change?
  - Funding?

# Ideas for Next Forum?

- Shared training among local organizations
- Innovations at Municipality of Anchorage
- Local innovations in health services, public safety
- Local partnerships to share data, apps, security
- Progress on Alaska Geospatial Portal
